

Science

Welcome to a fun-filled hour of Science

Room #3, Sunset Hills Elementary

Grades 1 - 5

Every Thursday, 1:20-2:20pm Each 4-week session \$55 (materials fee included)

Classes begin January 10, 2013

Registration open until December 21, 2012

The weekly class will be taught by a teacher with over 15 years of experience teaching Science to students from elementary to high school level. Currently teaching Science in the After-School Enrichment Program at elementary schools in Poway Unified.

The class will focus on introducing basic laws and topics of Science through various hands-on experiments. The fun experiments would make complex scientific theories easy to understand for young minds. The included lessons and experiments are planned in accordance with the State Science Curriculum.
